

# ATLANTIC LIGHT

## PERSONAL PROTECTIVE EQUIPMENT (PPE) POLICY

It is the policy of **ATLANTIC LIGHT** to:

- To conduct a hazard assessment to identify the appropriate PPE for each work activity.
- All supervisors will perform a job-specific PPE orientation to inform their subordinates of the PPE requirements resulting from the hazard assessment.
- All employees and visitors must wear approved head protection in designated areas at site.
- Head protection will also be worn anytime there is a danger of falling objects or there is possibility that a head injury may occur while performing duties.
- Where the use of PPE is unavoidable, to supply the PPE at no cost to those requiring it.
